Report on Role Play Activity Held on 22.03.2021

Date of Event	22. 03. 2021
Name and Type of Event	Role Play Activity
Conducted by	Ms.Ankita Singh
No. Of Participant	16

A session on "Role Play" was conducted as a part of the weekly Activity for the Students of Semester VI of the B.Com Department. The event took place on 20th of February via Google Meet. Thesession was conducted by Ms. Ankita. In the session the participants were given particular roles to play in a conversation or other interaction, such as an email exchange, typical of their discipline. They were also given specific instructions on how to act or what to say, as an aggressive client or patient in denial, for example, or required to act and react in their own way depending on the requirements of the exercise. The participants then acted out the scenario and afterwards there was reflection and discussion about the interactions, such as alternative ways of dealing with the situation. The scenario was then acted out again with changes based on the outcome of the reflection and discussion. The technique acted as an excellent tool for engaging students and allowing them to interact with their peers as they try to complete the task assigned to them in their specific role. This was done in cooperative groups and/or students maintained the persona of their role throughout the class period. Students were more engaged as they tried to respond to the material from the perspective of their character. Overall, it was an interactive session and the students actively participated and absorbed valuable inputs from the session and also shared a positive feedback post the session.
